

GATHER EDUCATION 2018

Dear Colleagues,

The Australian Association for Religious Education is delighted to announce that it is partnering with **Perth Together** for a special Month of Prayer in September this year.

Perth Together is an initiative that brings churches and ministries together to pray for one another.

To this end, instead of holding our annual Awards Dinner this year, the AARE will join the **GATHER Education** evening at 7:00pm on Tuesday 18th September at Grace City Church, Unit 8/386 Scarborough Beach Road, Osborne Park.

As educators, we often network and gather to share and develop resources and strategies. Invariably, what motivates and sustains us in our work is our faith. This is a wonderful opportunity to:

- pray as His people and
- gather in that faith on one night to celebrate and share.

Here is the invitation by Phebe Cho, Co-ordinator of **GATHER Education**. Phebe's invitation also contains links to the sign up page and an email link to Perth Together.

For more information see: <http://perthtogether.church>

Blessings & Joy

Dear Educators,

You have a unique opportunity to speak life into our city ... to call out the potential of Perth.

We, believe that to transform our city, we need to come together in unity and pray for our city ... and, that's where you come in.

For the past year we have been networking 160 pastors and ministry leaders together to pray during the months of March and October. Each leader prays on their assigned day, alone or with their church or team, for all the others taking part. And for the city.

We believe this is a way for us to begin to move together for a greater purpose in being united together for the great awaking that is coming across Australia."

And, we would love you as an educator to be a part of this in September. During the month of prayer, we are coming together to celebrate and share what God is doing in education within Perth.

What is expected?

- **Sign up** for one day to pray by clicking [here](#) or emailing at perthtogether@gmail.com
- **Pray!** One minute or one hour! It's entirely up to you. Pray alone or with two or three others if you are able.
- **Pray for.** Start with the list and then get creative! Ideas include our educators, our students, and our education system...

For the rest of the year other spheres are praying for a month:

- August Government
- September Education
- October Pastors
- November Overseas Missions organisations
- December Intercessors

In Him,

Phebe Cho
